Summer Institute 2009: the Preliminary Program is online

The National Collaborating Centres for Public Health invite you to take a look at our Summer Institute 2009 Preliminary Program online. The Summer Institute will focus on Collaboration, Networking and Evaluation, and these themes are reflected in each day of the regular program. The preliminary program will show you the line-up of speakers, workshops, and other sessions that we are preparing for you. In addition to the regular program, we are also offering an optional pre-conference day, July 6, with three in-depth practical workshops available. [To view the program, click here.](#)

Call for Posters

The Summer Institute will be holding a poster presentation to highlight new and interesting work. We invite you to present the results of your recent work by showing a poster. The deadline for poster applications is April 17, so please apply soon. To find all of the information you will need to submit a poster, [click here.](#)

Online Registration is now open

Registration is now available online. Remember that spaces are limited, so we encourage you to register early. Click here to [visit the registration page.](#)

Accommodations

Group rates have been arranged with the Château Mont-Sainte-Anne. In order to benefit from these rates, you will have to book your room by June 8. To learn more about accommodations or to reserve your room, [click here.](#)

If you have any questions or comments, please do not hesitate to [contact us.](#)
